List of Tables

TABLE 1. PROVIDER LAYOUTS. 4

TABLE 2. COMMA DELIMITED PROVIDER LAYOUT 6

1. PROVIDER INFORMATION.

What follows is a brief explanation of the file specifications. The file content consists of participating providers from multiple Networks including: HealthLink, Inc. and National Capitol PPO.

a. File Types

Clients can receive either a Full File that stores each participating provider record, or a Change File that carries only the changes made (i.e. providers added or terminated) since the previous file was generated.

b. Format Types

This documentation will provide both the Fixed-Width and the Comma-Delimited file format. The layout for these formats can be seen below.

***Special Notes for Lotus/Excel Users (For Comma-Delimited)**

The format sent is using a comma (,) field delimiter, with further separation of the elements by quotation marks ("). To avoid any field delimiting problems, all commas (,) with the data are changed to dashes (-).

c. Naming Convention

Included is a sample of the naming convention for participating provider files, with details describing it following:

HL021217PPO.txt

The first set of characters identifies the Provider Plan associated with this file.

- **HL** identifies the file as containing HealthLink providers.
- **NCP** identifies the file as containing NCPPO medical providers.
- **HLM** identifies the file as containing HealthLink Mid-Atlantic providers.

The next six characters identify the date in YYMMDD (year, month, day) format. The **02** corresponds to the year 2002, the **12** corresponds to the twelfth month of the year (December), and the **17** corresponds to the seventeenth day of the month.

The last three characters identify the account (i.e. line of business) that these providers are on. For example, **PPO** identifies that these are PPO providers, or **OA3** would identify Open Access providers.

The file extension will either be **.txt** (denoting a text file) or **.zip** (denoting a zipped file).

*Standard Format for a HealthLink or NCPPO Participating Provider File (Par File)***d. Optional Naming Additions**

To further identify a par file as being a change or a full file, `_chg_` or `_full_` may be added to the name. This may be requested. The files will be named as follows.

hl070521_full_ppo.zip or hl070521_chg_oa3.zip

Files being transferred via FTP will be named as follows:

**PROV_20061116_1_HL061116_FULL_PPO.ZIP or
PROV_20061116_1_HL061116_CHG_OA3.ZIP**

e. Transmission

The files can be transmitted using several methods including: FTP (File Transfer Protocol), E-Mail, BBS (Bulletin Board System) and regular mail.

f. Media

The files are available in several media including: an electronic file, CD, floppy disk, tape, and paper.

***Note only for users receiving provider information on tape:**

As described, the record length will be 612 bytes. Using five (5) records per block, the block size should be 3,060 bytes long. We send all tapes in EBCDIC format (with NO packed decimals), at 6250 BPI.

2. FIXED –WIDTH PROVIDER LAYOUT.

The following is the layout for Fixed-Width provider format.

Standard Format for a HealthLink or NCPPO Participating Provider (Par) File (Fixed-Width).

Field	Description	Length	Byte	Pos	Jst	Typ	Notes
1.	Action Code	1	1-	1	Lt.	A	1
2.	(Reserved Field)	6	2-	7	Lt.	A	
3.	HealthLink Fee Schedule**	3	8-	10	Rt.	A	2
4.	HealthLink Provider ID	10	11	20	Lt.	A	3
5.	Provider's Tax ID Number	9	21	29	Lt.	N	4
6.	Provider's Name (if Facility)	40	30	69	Lt.	A	5
PROVIDER'S INDIVIDUAL NAME							
7.	Provider's Last Name	24	70	93	Lt.	A	5
8.	Provider's First Name	15	94	108	Lt.	A	5
9.	Provider's Middle Initial	1	109	109	Lt.	A	5
10.	Provider's Begin Date (MMDDYYYY)***	8	110	117	Lt.	N	6, 14
11.	Provider's End Date (MMDDYYYY)***	8	118	125	Lt.	N	7, 14
PROVIDER'S MAILING ADDRESS INFORMATION							
12.	Provider's Mail Address (Line 1)	30	126	155	Lt.	A	16
13.	Provider's Mail Address (Line 2)	30	156	185	Lt.	A	16
14.	Provider's Mail City	20	186	205	Lt.	A	16
15.	Provider's Mail State	2	206	207	Lt.	A	16
16.	Provider's Mail Country	2	208	209	Lt.	A	8, 16
17.	Provider's Mail Zip	9	210	218	Lt.	N	16
PROVIDER'S LOCATION ADDRESS INFORMATION							
18.	Location Address (Line 1)	30	219	248	Lt.	A	
19.	Location Address (Line 2)	30	249	278	Lt.	A	
20.	Location City	20	279	298	Lt.	A	
21.	Location State	2	299	300	Lt.	A	
22.	Location Country	2	301	302	Lt.	A	8
23.	Location Zip	9	303	311	Lt.	N

Table 1. Provider Layouts.

Note: Refer to paragraph 4. for an explanation of the notes column in the above provider layout table. The number in the notes column (Ex. "7, 15") corresponds with the number of the note detailed in paragraph 4.

3. COMMA DELIMITED PROVIDER LAYOUT.

The following is the layout for Comma-Delimited provider format.

Standard Format for a HealthLink or NCPPO Participating Provider (Par) File (Comma-Delimited) with a Carriage Return.

Field	Description	Typ	Notes
1.	Action Code	A	1
2.	(Reserved Field)	A	
3.	HealthLink Fee Schedule**	A	2
4.	HealthLink Provider ID	A	3
5.	Provider's Tax ID Number	N	4
6.	Provider's Name (if Facility)	A	5
PROVIDER'S INDIVIDUAL NAME			
7.	Provider's Last Name	A	5
8.	Provider's First Name	A	5
9.	Provider's Middle Initial	A	5
10.	Provider's Begin Date (MMDDYYYY)***	N	6, 14
11.	Provider's End Date (MMDDYYYY)***	N	7, 14
PROVIDER'S MAILING ADDRESS INFORMATION			
12.	Provider's Mail Address (Line 1)	A	16
13.	Provider's Mail Address (Line 2)	A	16
14.	Provider's Mail City	A	16
15.	Provider's Mail State	A	16
16.	Provider's Mail Country	A	8, 16
17.	Provider's Mail Zip	N	16
PROVIDER'S LOCATION ADDRESS INFORMATION			
18.	Location Address (Line 1)	A	
19.	Location Address (Line 2)	A	
20.	Location City	A	
21.	Location State	A	
22.	Location Country	A	8
23.	Location Zip	N	
24.	Gender	A	
25.	License State	A	
26.	License Number	A	

Note: Refer to paragraph 4. for an explanation of the notes column in the above provider layout table. The number in the notes column (Ex. "7, 15") corresponds with the number of the note detailed in paragraph 4.

** Fee Schedule will not appear on Par Files.

*** Dates now reflect Par Effective and Termination Dates, not Fee Schedule Effective and Termination Dates.

Standard Format for a HealthLink or NCPPO Participating Provider File (Par File)

Field	Description	Typ	Notes
27.	UPIN Number	A	
28.	Specialty Code 1	A	9
29.	Status of Specialty Code 1	A	10
30.	Specialty Code 2	A	9
31.	Status of Specialty Code 2	A	10
32.	Specialty Code 3	A	9
33.	Status of Specialty Code 3	A	10
34.	Specialty Code 4	A	9
35.	Status of Specialty Code 4	A	10
36.	Specialty Code 5	A	9
37.	Status of Specialty Code 5	A	10
38.	Provider Area Code	N	
39.	Provider Phone Number	N	
40.	Open Practice Indicator	A	
41.	Provider Title	N	
42.	Vendors Name (if Facility)	A	5, 16
VENDOR INDIVIDUAL NAME			
43.	Vendor's Last Name	A	5, 16
44.	Vendor's First Name	A	5, 16
45.	Vendor's Middle Name	A	5, 16
46.	SSN	N	4
47.	Directory code	N	
48.	Mail Code	N	12
49.	Directory Affiliation 1	N	13
50.	Directory Affiliation 2	N	13
51.	Directory Affiliation 3	N	13
52.	Directory Affiliation 4	N	13
53.	Generation	A	
54.	Title	A	
55.	Vendor Number	N	16
56.	DEA Number	A	
57.	DEA Expiration Date (MMDDYYYY)	N	14
58.	Pricing Indicator	A	17

Table 2. Comma Delimited Provider Layout

Note: Refer to paragraph 4. for an explanation of the notes column in the above provider layout table. The number in the notes column (Ex. "7, 15") corresponds with the number of the note detailed in paragraph 4.

** Fee Schedule will not appear on Par Files.

*** Dates now reflect Par Effective and Termination Dates, not Fee Schedule Effective and Termination Dates.

4. NOTES.

- The numbers of the notes below correspond with the numbers that are found in the notes column of the provider layout tables (paragraphs 2 and 3).
 - All fields that are supposed to be null or blank are padded with a space.
 - If type is "N" the field will be numeric only, otherwise the field may include both alpha and numeric data.
1. Action Code is (A)dd, (U)pdate or (T)erminate. A provider may show, on two different lines, the letters (A) and (T) both in the action code field. This would occur if the provider has been termed at one address, and added at another. In such a case the line with the (A)dd in the action code shows the corrected information.
 2. Fee Schedule will not appear on Par Files.
 3. The Provider ID is based on our 6-digit system ID, followed by a two-digit Provider Location Address Index and a two-digit Provider Mailing Address Index. If this is a Net Pay provider, the last two digits will be "00". (This gives us a total length of 10 characters for the field.)
 4. Provider Tax ID Number (TIN) will always appear in Field #5. SSN, if provided to HealthLink, will always appear in field #46. This holds true for both the Comma-Delimited and Fixed-Width formats.
 5. Depending whether Provider/Vendor is an individual or a facility, the name will be sent in only one (set of) field(s).
 6. The date that this Provider (along with the Address Indices as noted in #3 above) became effective.
 7. This field is only sent if action code (#1 above) is (T)erminate
 8. At current, this field will always be "US".
 9. See Appendix A for a list of valid specialty codes.
 10. Status of Specialty Code is either "A" (board-certified) or "E" (board-eligible).
 11. Directory codes are used to assign a number for the purpose of the HealthLink directory to each geographic area.
 12. See Appendix C for explanation and valid list of mail codes.
 13. Appendix D for a list of Hospital Directory Affiliations.
 14. All dates must be in 8-digit (MMDDYYYY) format. **(For Comma-Delimited)**
 15. If the user selects the "C" format Option, the system will put a carriage return at the end of the record. **(For Comma-Delimited)**.
 16. These fields are optional and may appear blank, depending on the settings of each file.
 17. Pricing indicator will populate with a P (indicating individual Provider pricing) or G (indicating corporate Group pricing).
