** Please refer to the member's ID card to ensure that the member's health plan participates with HealthLink Medical Management with AIM.

HealthLink's Utilization Management program is designed to provide clinical review of medical care to convey information and recommendations to plan administrators and carriers in connection with their determination of benefit eligibility. Medical necessity certification does not guarantee that services are covered. Benefits are subject to the patient's eligibility at the time charges are actually incurred, and to all other terms, conditions and exclusions of the applicable health plan. AIM Specialty HealthSM (AIM) provides support for HealthLink's preauthorization review process.

HealthLink®, Inc., is an Illinois corporation. HealthLink, Inc. is an organizer of independently contracted provider networks, which it makes available by contract to a variety of payors of health benefits, including insurers, third party administrators or employers. HealthLink has no control or right of control over the professional, medical judgment of contracted providers, and is not liable for any acts or failures to act, by contracted providers. HealthLink, Inc. is not an insurance company and has no liability for benefits under benefit plans offered or administered by payors. HealthLink is a registered trademark of HealthLink, Inc.
